### I. PURPOSE

This directive establishes policy and procedures relative to the secondary employment of Division employees.

### II. POLICY

All employees who desire to engage in any secondary employment must recognize that their primary duty, obligation and responsibility are to the Division. Officers remain subject to call at any time for emergencies, special assignments or extra duty. It is the policy of this Division to allow employees who are members of bargaining units to engage in secondary employment pursuant to the terms of the current Collective Bargaining Agreements. All other employees must follow the procedures outlined in this directive.

### III. EMPLOYMENT AT COMMISSION FACILITIES

- A. All secondary employment activities at Commission facilities for Division officers who are bargaining unit members are governed by the Collective Bargaining Agreement with F.O.P. Lodge 30, Article X "Working Conditions", Section 10.4 "Secondary Employment".
- B. The Chief, Park Police Division will designate one officer to coordinate all requests for secondary employment at Commission facilities. This officer will issue a written notice to all other officers regarding every request for service and select the appropriate number of officers to work the secondary employment. All selections will be made in a fair and impartial

manner. This officer will keep a record of all requests made by officers to work secondary employment and the names and hours worked by the officer selected to work.

- C. All officers performing secondary employment services at Commission facilities will report at the proper time and location. If for some reason an assigned officer is unable to work a detail after being scheduled, it is that officer's responsibility to find a replacement or contact the coordinator who will then assign another officer from those who requested to work the detail.
- D. All officers performing secondary employment services at Commission facilities will wear their regular duty uniform and necessary equipment, unless advised otherwise by the coordinator.
- E. Officers are permitted to drive Commission police vehicles to and from secondary employment details at Commission facilities.
- F. All officers performing secondary employment services at Commission facilities will notify the Communications Section when they arrive and when they clear the location. Communications personnel will then log the information onto the secondary employment roster. The secondary employment roster will then be forwarded to the Office of the Division Chief's, Executive Officer for posting on a daily basis.
- G. Officers working in a secondary employment capacity at a Commission facility will handle all incidents and calls for service at that location while they are there. Assistance from on-duty units will be requested whenever necessary.
- H. All officers performing secondary employment services at Commission facilities will be covered by Worker's Compensation and disability benefits.

#### **IV. OTHER SECONDARY EMPLOYMENT FOR DIVISION OFFICERS (Bargaining Unit Members)**

- A. Pursuant to the Collective Bargaining Agreement with F.O.P. Lodge 30, Article X "Working Conditions", Section 10.4 "Secondary Employment": All officers covered by this agreement are required to provide their Division Chief or his/her designee with notice of secondary employment that is not on Commission property three (3) days in advance of the start of such employment. If the Division Chief determines that a conflict exists, the officer will be directed to cease such employment, provided that the Division Chief will not direct an officer to cease off-duty employment solely on the basis of the number of hours involved in the work.
